WEST BAY SANITARY DISTRICT AGENDA ITEM 5

To: *Board of Directors*

From: *Debra Fisher, Finance Manager*

Subject: *Consider Approving District Treasury Report
Third Quarter FY 2022-23*

Background

In October 2010 the District named Bank of the West as the District's Investment advisor and approved an investment of \$5 million in available funds to establish the Emergency Capital Reserve. Subsequently, the Board has established several additional reserves to provide financial stability for the District.

Excess funds over the current monthly expenditures are held in the Local Agency Investment Fund (LAIF), which are equivalent to cash and may earn higher yields without a long term commitment. Operating Reserves, customer deposits, current capital projects, and Solid Waste Funds are held in LAIF.

Restricted funds for Sharon Heights Golf & Country Club (SHGCC), as required for the Clean Water State Revolving Fund (SRF) loan are held in a Money Market account, as requested by SHGCC representatives.

There are currently five separate investment reserves maintained to support the goals of the District, along with reserves held in LAIF, the Vehicle & Equipment Reserve held in a money market account, a Pension Trust, and the restricted Recycled Water SRF Reserve. Annual contributions are made in accordance with the Board approved budget in order to reach the target balances for each reserve. On December 2, 2022, the Finance Committee reviewed the District investments and account balances and recommended transferring an additional \$10 million, over budgeted contributions to the investment reserve accounts, to achieve higher yields on current funds. The full Board reviewed the proposal and approved, on December 14, 2022.

<u>Reserve Account</u>	<u>Originated</u>	<u>Target Balance</u>	<u>Target</u>
Operating Reserve	11/26/2014	\$11.1 million *	Achieved
Rate Stabilization Reserve	10/30/2015	\$10 million	Achieved
Treatment Plant Reserve	9/24/2021	\$12 million	Achieved
Capital Project Reserve	11/26/2014	\$8 million	Achieved
Emergency Capital Reserve	10/19/2010	\$6 million	Achieved
Recycled Water Cash Flow	11/18/2016	\$8 million	Achieved
Recycled Water SRF Reserve	3/01/2018	\$1.46 million	Achieved
Vehicle & Equipment Reserve	8/18/2011	\$1 million	Achieved

* Based on approved FY 2022-23 Budget, 6 months Operations \$11,111,437 (held in LAIF)

Fiscal Impact

The District had \$81,786,187 in cash and investments, including \$2,233,431 in restricted accounts, as of March 31, 2023.

The District allocated an additional \$361,837 of LAIF funds for the Operating Reserve, as approved in the FY 2022-23 budget, to meet six months of expenditures. There was \$3.95 million in transfers in the approved FY 2022-23 Budget. The board approved additional transfers on June 22, 2022, December 14, 2022, and February 8, 2023, for a total of \$15.2 million in transfers in FY 2022-23. \$10 million in transfers were made to achieve the target balance in all reserves on December 20, 2022. An additional \$3 million in transfers was made February 10, 2023 to achieve higher targets for Capital Projects and Emergency Capital Reserves.

The District had total funds of approximately \$22.4 million above the total \$57 million target reserve balances, combining all District unrestricted accounts, as of March 31, 2023. All reserve accounts have achieved the individual targets approved by the board.

The investment portfolios have been set up with the rate of return goal of 2%. Current District yields in the Investment Reserves average 2.12%. LAIF’s yield was 2.74% for the third quarter.

Recommendation

The Finance Manager recommends the District Board approve the report on the District’s Treasury Report, including investment portfolio statements detailing assets held, transactions, and changes in market value to the Reserve accounts described therein, for the third quarter fiscal year 2022-23.

Recycled Water:

Bayfront Recycled Water Facility (BFRWF)

The District completed an initial BFRWF Plan in February 2019. After completing required Environmental Impact Report (EIR) and other regulatory requirements, on May 12, 2021, the District Board approved the project to build a 0.6 million gallons per day (MGD) recycled water facility at the District’s Flow Equalization and Resource Recovery Facility (FERRF) site.

BFRWF had \$45,533 in capital expenditures year to date, for total project Construction in Progress (CIP) expenditures of \$ 772,829.

In FY 2022-23 the BFRWF project had \$1,153 in expenditures for professional services working towards receiving grant funding.

The District was awarded a \$15 million grant from the California State Water Recycling Funding Program (WRFP), representing 35% of projected construction costs of \$56.6 million and an initial \$37 million SRF loan. The grant may increase, based on final construction costs.

The District was also awarded a \$4,884,112 million grant to fund a portion of the Ecotone Levee Project, for a living shoreline to protect the site from flooding and sea level rise by the National Fish and Wildlife Foundation (NFWF). The funds are matching, requiring a 112% contribution by the District of \$5.5 million. No funds have been received on either grant.

Recycled Water Fund represents 20% of all District assets, including CIP for Bayfront.

WEST BAY SANITARY DISTRICT AGENDA ITEM 7

To: *Board of Directors*

From: **Annette Bergeron, Personnel & Accounting Specialist**
Debra Fisher, Finance Manager

Subject: **ADP Update**

Background

The District used Primepay payroll service for many years to process payroll. Timecards were done manually, as were absence requests. District staff would manually add regular, overtime, double-time, stand-by and other time from the timesheets onto a separate summary sheet by employee. Payroll was then called into Primepay. Payroll reports were delivered to the District with paychecks. The District also had access to reports online and Primepay kept all historic records.

In 2021 the District added a Primepay timecard system, which resulted in Primepay switching the payroll system the District used. The new system caused many issues, with staff having to manually calculate and adjust each payroll. The issues with this Primepay system were not unique to the District and in 2022, Primepay discontinued this system. Forcing the District to switch payroll systems within months. Primepay had an agreement with ADP to convert customers on this payroll system to ADP payroll. The District had been researching alternative payroll systems, including ADP.

After discussions with ADP after the notice in early 2022 of Primepay discontinuing service and the option to move to ADP's basic payroll system, ADP offered the District an upgrade to their Workforce Now system at the same price as Primepay charged. The District agreed and payroll was converted beginning with the July 15, 2022 payroll.

There were many issues with the conversion, including going live immediately without a dual process to ensure that setup was complete and accurate. Over the following months, many of the original issues were resolved and several payroll processes were improved and automated. There are some issues still outstanding, which staff has not had time to resolve with ADP. One of the continuing issues is the lack of a direct, knowledgeable representative who can resolve issues. The timecard and payroll system have separate customer support and some of the remaining issues affect both, which is challenging to resolve. District staff has time constraints, as well. Coordination with knowledgeable ADP support and staff has resulted in some outstanding issues.

The ADP payroll system is superior to the prior Primepay system and staff is confident that the remaining issues can ultimately be resolved. Manual calculations for Flores adjustment were able to be automated after several attempts with ADP, saving time and eliminating entry errors. Employees can complete timecards on the ADP app and managers can review and approve. The District tracks labor for projects, such as Sharon Heights Recycled Water Facility, Los Altos Hills, Woodside, and others through the timecards providing accurate amounts for posting and billing.

Fiscal Impact

None.

**WEST BAY SANITARY DISTRICT
AGENDA ITEM 8**

To: Board of Directors

From: Robert Scheidt, Assistant Operations Superintendent

Subject: Consideration to Approve Purchase of Two 2023 F150 Lightnings (EV)

Background

The District has made an effort to move the light duty gas and diesel vehicles to an Electric Vehicle (EV) fleet. The Construction Inspector's pick-up truck is currently an EV pick up, as well as the General Manager's assigned vehicle. As other light duty vehicles are up for replacement, a conscious effort will be made to move to EV.

Moving to an EV fleet will save in purchasing gas and diesel fuel, as well as ongoing maintenance costs. The Board has directed staff to more closely monitor fuel savings, electrical cost, and maintenance costs moving forward.

Analysis

Staff reserved two 2023 Ford F150 Lightnings in September of 2022 through the State of California Purchase Contract. Prior to this year there was a backlog of F150 Lightnings and other vehicles in general. Fortunately, staff attended a Ford Pro Charging Station presentation by Ford representative on "EV Readiness". With the completion of the presentation, the District was placed on a higher priority purchase list. The retail price for the two 2023 Ford F150 Lightning through the State of California Contract Bid is \$129,280.31 (see attached Ford quote.)

Fiscal Impact

Fiscal impact is \$129,280.31 to be used in FY22/23 using the Capital Asset Expenditures Fund and the Vehicle Replacement Fund.

Recommendation

The Assistant Operations Superintendent recommend the Board authorize the General Manager to purchase two 2023 Ford F150 Lightnings (EV).

* Sharon Heights substantially tapered off their water usage for September which is the reason for the large discrepancy between treated and delivered.

** Treatment was reduced in the second half of the month. Rain in late October and an irrigation equipment malfunctions caused water delivery to decrease.
